SYSTEM OF PLAY

Heat 1

The pairings for the first round have been drawn, see pairings 1st round. After the practise, two LSD (clockwise and counter-clockwise) are played for the right of the last stone.

Heat 2 to 5

The pairings will be created according to the current overall ranking, with no pairing being played twice. The better ranked team has the right of the last stone.

Final Heat

All teams play in the final round. The pairings will be made according to the overall ranking after the 5th round. The pairings are rank 1 and 2; 3 and 4; 5 and 6; 7 and 8; 9 and 10; 11 and 12. Pairings from rounds 1 to 5 can be repeated. The better-ranked team has the right of the last stone.

Ranks 1 to 4 (closed final)

The ranks will be played out, rank 1 and 2 play for the tournament victory, rank 3 and 4 for the 3rd and 4th place respectively. The points from the tournament do not affect the ranking. If there is a tie after 8 ends, an additional end has to be played. If the extra end ends with zero stones, the team that started the end wins the game.

Ranks 5 to 12

A draw can be played, there is no additional end. For the final ranking, the results of all six games are included in the evaluation.

Advertising

The game is played over 8 ends. The team with more stones gets two points, the losing team zero points. In case of a draw, each team gets one point. The rankings are made according to point / end / stone.
